

Dear child!

I know what situation you are in. I can't imagine who is capable of doing all those crimes. I suppose that situation is getting quieter, as I've seen in the news. I also hope that you will spend your Christmas in a warm place with your family. I would like to share my presents with you but, since I can't, I am sending you my best wishes and good thoughts.

With love from Croatia,

Beris and Franko!
